I have just spoken with our Chief Medical Officer Dr Gefken. As I had stated to you in an email dated 12/10 Dr Gefken stated that the medical exemption request does not fall within the parameters set forth by New York State. This has not changed. However, on 12/11/19 Dr Gefken called [REDACTED]'s Doctor, D. Bouboulis, MD, and left a message. He has not responded to Dr Gefken's voicemail.

I encourage you to reach out to [REDACTED]'s doctor immediately & have him respond to Dr Gefken. If he does not respond, the medical exemption is clearly denied.

Thank you

Good morning Brother David and St. Anthony's Nurses.

[REDACTED] continues to suffer terribly since being excluded from school in September. What is the status of his most recently resubmitted medical exemptions?

Here is a picture of [REDACTED] on the first day of school, proudly in uniform and full of promise. And here is one few weeks later --whe, he was expecting to be kicked out at any moment due to loss of his medical exemption. Please... he is not a number, not a form, not a statistic, not a file. He is a real boy, now a lost boy, with a soul and a broken heart, stripped of life as he knows it. Please pray for him. He is decompensating.

Kindly advise. Thank you.

Most respectfully yours,

[REDACTED]
